

This page is part of the **Local Offer for Halton**. Under the Children and Families Act 2014, Local Authorities are required to publish, and keep under review, information about services that they expect to be available for children and young people with disabilities and special educational needs aged 0-25. This is called the Local Offer. The intention of the Local Offer is to improve choice and transparency for families. It will also be an important resource for professionals in understanding the range of services and provision in the local area.

General School Details:	
School Name:	DARES'BURY PRIMARY SCHOOL
School website address:	www.daresburyschool.co.uk
Type of school:	Community Primary
Description of school:	<ul style="list-style-type: none"> • We are a smaller than average Community Primary School with 5 mixed age classes. We do not have a nursery but do work hard to maintain strong links with a wide range of pre-school settings in the area. We have a standard admission number of 20 children each year. • The school is situated at the edge of Daresbury Village and with a limited number of houses in its immediate vicinity so the overall school intake represents a variety of social and economic areas. • Our Free School Meals entitlement is extremely low and as such we receive very little Pupil Premium funding. • The school has a very small proportion of pupils from minority ethnic groups and no children speak English as an additional language currently however we do have a small number of bilingual parents. • The percentage of children identified as having a special educational need is well below average but has increased recently. • The school runs a range of after school activities and a privately run Link Club offering child care both before and after school.

Number on roll:	132 (September 2016)		
% of children at the school with SEND:			
Date of last Ofsted:	September 2008		
Awards that the school holds:	Artsmark, Healthy Schools, FMSIS, Geography mark, School Games Award and Inclusion Mark.		
Accessibility information about the school:	The main teaching areas of the school are all wheelchair accessible and there are plans in place to develop access to the whole site. Our school is made up of 3 separate buildings linked by steps, ramps and walkways. As parts of our building are very old we are limited by the changes that can be made to some areas of the school.

<p>How we identify special educational learning needs as a school and how we involve pupils and their parents in planning to meet them.</p>	<ul style="list-style-type: none"> • When pupils have identified SEND before they join us at Daresbury, we work with parents, carers, children (where appropriate) and partner agencies to ensure that their needs can be fully met at our school setting. • If you tell us you think your child has SEN, we will discuss this with you to investigate it further. We will share with you what we find out and agree next steps with you as to how we can all help your child. • If your child does not seem to be making the same level of progress as other children of their age, we will inform you and we will undertake assessment in school and if necessary, use other professionals to identify possible barriers to their learning. Parents, carers and children (where appropriate) will be involved at all stages. • We are child and family centred so you will be involved in all decision making about your child's support. • When we assess SEN we discuss whether understanding and behaviour are the same at school and at home: we take this into account and work with you so that we are all helping your child in the same way. • Where necessary we will write Pupil Support Plans (PSP) or Individual Behaviour Plans (IBPs) with pupils, parents/carers. • We use homework to repeat and practise activities that are new and present and achievable challenge. 		
<p>What extra support we bring in to help us meet</p>	<ul style="list-style-type: none"> • We have support from specialist teachers and support staff for accessing the curriculum

At these meetings the following types of discussions will take place; what will be put into place in school to make teaching and learning more effective, agree targets for pupils achievement, agree how we will work together and what we each will do, agree a review date to explore how well the pupil is doing and whether we are making a difference and what we will do next. This information is recorded to ensure accountability.
